

The 9th International Conference on Key Engineering Materials

Mar. 29-Apr. 1, 2019
Oxford, United Kingdom

ICKEM2019 | ickem@young.ac.cn | www.ickem.org

Topics

1. Biomaterials in Different Applications
2. Novel Composite Materials in Vivid Applications
3. Application of Novel Materials in Civil Engineering
4. Advances in Materials and Manufacturing Technology
5. Materials and Technologies in Environmental Engineering
6. Studies on Corrosion, Coating, and Aspects of Chemical Engineering
7. Electrical, Electronic, and Optoelectronic Materials: Synthesis and Applications
8. Trends in the Development of Nanomaterials, Nanocomposites and Nanotechnology

Publication

1. ICKEM PROCEEDINGS

- Accepted papers will be collected in the conference proceedings after proper registration and presentation. The book of proceedings of ICKEM 2018 will be published in a volume of **Key Engineering Materials** (ISSN: 1662-9795).
- Abstracting / Indexing: **SCOPUS. Ei Compendex, etc.**

2. JOURNAL COOPERATION-SPECIAL ISSUE

- Selected Papers will be included in the special issue of **Materials** (ISSN 1996-1944; CODEN: MATEG9). Manuscripts included in ICKEM 2018 Proceedings can also be recommended to Materials with at least 50% content extension.
- **High Visibility:** indexed by the **Science Citation Index Expanded (Web of Science), Ei Compendex, Scopus**, and other databases.
- **Impact Factor:** 2.654 (2016) ; 5-Year Impact Factor: 3.236 (2016)

Venue

St Antony's College is the most international of the seven graduate colleges of the University of Oxford, specializing in international relations, economics, politics, and the history of particular parts of the world: Europe, Russia and the former Soviet states, the Middle East, Africa, Japan, China, South and South East Asia, and Latin America. The college is set in the pleasant leafy residential area of North Oxford, a ten-minute walk from the heart of the city. The campus is a mixture of architectural styles, ranging from the 19th century, through the 1960s to the present day. It sits within an attractive garden with a croquet lawn. Its quiet position and first-class facilities make it a very attractive location for conferences.
